

# Subject Review Form

Subject Standard: \_\_\_\_\_

This form will help to make a plan to tackle your subject pain points! Rank each concept on a scale of 1 (I'm killing this) to 5 (send help), so that you spend more of your time on the 5's and less time on the 1's.

Use our checklist for each standard to identify the particular concepts you're fuzzy on. Then, estimate a time to spend focussing on the concept. Use this alongside our other [StudyTime](#) forms to keep track of your study!

Concept	Focus Points	Rank	Time
